SWASTHARAKSHANA OPD

NI-KSHAYA CAMP 2025

Medical Camp Report (January 2025 – March 2025)

Camp Overview

Field	Details
Camp Name	NI-Kshaya Camp 2025
Objective	To identify and facilitate the next steps for TB patients; focus on early diagnosis
Location	Sushrutha Ayurveda Medical College & Hospital, Swasthya Rakshana OPD
Duration	January 2025 to March 2025
Total Patients	10 Patients

Objectives

The NI-Kshaya Camp 2025 was organized with the following key objectives:

- Early identification and screening of individuals suspected of Tuberculosis (TB).
- Facilitate timely next steps for diagnosed or suspected TB patients, including referrals and follow-up.
- Promote awareness of TB symptoms, prevention, and treatment among the community.
- Support the national goal of TB elimination through active case finding.

The camp maintained consistent outreach throughout the duration, ensuring continuous access to TB screening services for the community.

All identified patients were guided towards appropriate next steps including diagnostic testing, referrals, and follow-up consultations in alignment with national TB elimination protocols.

Conclusion

The NI-Kshaya Camp 2025 has demonstrated the importance of community-level screening camps in achieving early diagnosis of Tuberculosis. The Swasthya Rakshana OPD at Sushruta Ayurveda Medical College & Hospital provided an ideal setting for integrating traditional healthcare systems with modern TB management approaches.

Continued efforts of this nature are essential in supporting India's mission of TB-free communities and the Ni-kshay initiative.
